Trail Description

This four-season trail circles the picturesque village of Nakusp, providing a 5 kilometre circuit for strolling, dog walking, jogging, or biking, with portions also accessible to wheelchairs, rollerblades, and baby carriages. The circuit includes the paved Waterfront walk, extending along the top of the soil erosion protector for 1 km from the Marina to the beach. The Walk is renowned for its handsome landscaping, including Spicer's Garden (GPS Point 1 on the map) in the middle and the Japanese Garden (GPS Point 2) near the beach. At the other end of the beach, the gravel Greenways extension begins (GPS Point 3). The groomed gravel path winds through the shade along the lakefront for 800 metres, providing benches for repose and nature watching and some hills for exercise. As the trail joins the 4th Street cul-de-sac (GPS Point 4), follow 4th Street to 10th Ave and travel up 10th Ave to Hwy 6. Then follow Hwy 6 to the junction with Hwy 23 (GPS Point 5) to access the Railway Trail. The Railway Trail is a reclaimed railway bed that stretches to Rosebery, 46 km to the south. About 300 metres past the junction with Government Road (GPS Point 6), a path branches off the railway trail to head back downtown (GPS Point 7). From the corner of 1st Ave and 1st St., the path continues along streets back to the Marina.

Access

Although there are many access points along the trail, the Nakusp Marina is a nice place to start your Waterfront Walk. Located at the bottom of Nelson Ave., the Marina has ample parking space and a covered picnic area with luscious arbour gardens (GPS **P**).

Modes of Use

Waterfront Walk—walk, bike (with caution), wheelchairs, rollerblades, or any non-motorized modes of transportation.

Greenways Extension—walk, bike, baby carriages possible, but there's one short, steep hill. **Railway Trail**—suitable for bikes and foot traffic only until barricades are replaced with stroller friendly ones. No motorized use. **Pathway from Railway Trail to Marina**—bikes and foot traffic only—somewhat steep with a loose, ungraded surface.

Past and Future

When BC Hydro flooded the Arrow Lakes in the 1960's, a cement soil protection barrier was constructed along the town's waterfront. Over the years, volunteer work, grant monies and the Village of Nakusp have developed the Waterfront Walk to its present beautiful state, with its commemorative benches, trees and ample gardens. The Greenways Extension was added in the late 1990's with the help of federal government grants and local workers. The Village of Nakusp has plans to further upgrade the trail around town, so it will only get better!

If You Liked This Trail

If the Wrap Around Nakusp trail appealed to you, try Cedar Grove Loop, Box Lake Loop or portions of Rosebery Railway Trail, which are also relatively short, easy hikes in this area.

This brochure is informational only. Trail users assume all responsibility for personal injury or damage to equipment.

~ Detailed information on the inside ~

- keep to the designated trails
- take only pictures; leave only footprints
- foot traffic yields to horses, bikes and motorized traffic (only use on trails allowing motors)
- travel in pairs or groups, and keep kids in sight at all times
- keep pets under control; be aware they may pose a hazard with backcountry wildlife

Trails are shared by many and maintained by few, so follow trail etiquette:

- keep to the designated trails
- take only pictures; leave only footprints
- foot traffic yields to horses, bikes and motorized traffic (only use on trails allowing motors)
- travel in pairs or groups, and keep kids in sight at all times
- keep pets under control; be aware they may pose a hazard with backcountry wildlife
- make noise to alert wildlife to your presence eg. sing, whistle, clap

Be prepared for hiking. Even if your journey is a short one, you should have:

- solid walking shoes or boots
- water and nutritious food
- first aid supplies
- comfortable clothing - loose layers with rain gear

General Information

In the backcountry, prepare for the unexpected:

- tell someone where you are going and when you expect to return
- bring emergency supplies eg. warm clothes, extra food & water, matches, knife, compass, map
- make noise to alert wildlife to your presence eg. sing, whistle, clap
