

THE VILLAGE OF
NAKUSP
Recreation & Parks

PUBLIC NOTICE

***Under authorization from Recreation Sites and Trails BC
the Rail Trail is being closed due to public safety concerns.***

There has been ongoing erosion affecting the Rail Trail in the area between Marshall Road and Zacks Road. The erosion slumping has completely eliminated the trail in two locations. As a result of this ongoing erosion there is an immediate and pressing public safety concern that can only be mitigated through a trail closure.

The lands in question are Crown Land and are not owned by the Village, nor do they form part of the Licence of Occupation granted to the Village for the Rail Bed Trail. While the trail closure is unfortunate, it is in the best interests of public safety that this closure be implemented immediately.

The Village will be working with Community Stakeholders and Recreation Sites and Trails BC to identify potential alternatives. We clearly recognize that the Rail Trail is an important recreation asset in our community and that our Residents place great value upon it.

***If you have questions or concerns, please contact
the Village Office at 250-265-3689.***
