

Public Works Equipment Operator

The Village of Nakusp has an immediate opportunity for an Equipment Operator in the Public Works Department.

Reporting to the Director of Operations/ Supervisor, the Equipment Operator is responsible for the operation and maintenance of rubber tired backhoes, loaders and single axle dump trucks/garbage truck. You will support the Utility Operators in the maintenance of a Class 2 Water Distribution System and a Class 2 Wastewater Collection System. You will do curbside garbage and recycling pick up and participate in all work done by the Public Works Department.

Required Qualifications

- ❖ Minimum Grade 12
- ❖ Minimum Class 5 Drivers License with Air Brakes Endorsement
- ❖ **Minimum** 1 year working with either rubber tired backhoes or excavators, preferably in a civil/utility role.
- ❖ Skill in the use and care of all tools used in the work and sufficient strength and coordination to permit performance of heavy manual work outdoors in all weather.
- ❖ Strong communication and proven interpersonal skills are required.
- ❖ Strong computer skills
- ❖ An acceptable combination of related experience and education may be considered.

This position will require weekend, overtime and shiftwork. Applicants must live within radio/cell range of the Village of Nakusp. Current rate of pay is \$20.74/hour plus a full array of benefits as per the Collective Agreement between the Village of Nakusp and CUPE Local 2450. A copy of the job description for this position is available at our website www.nakusp.com. This posting will be open until the position is filled.

Applications for this position must be directed to:
