Nakusp is a community that is motivated, skilled, compassionate, caring, and we find ways to get things done. Nakusp council wish to work with the community to focus on effective ways of creating a more economically resilient community. One way is to focus on our assets and strengths, emphasizing what the community does have that will continually improve our community's life and sustainability.

Nakusp has also developed into a destination for travelers who revel in the area's natural beauty. Both locals and visitors can enjoy the commercial and natural hot springs, the hockey arena, local golf courses, skiing, hiking, fishing, hunting, ball/soccer, swimming and boating on Upper Arrow Lakes.

As you can see Nakusp is a mountain playground nestled in the west Kootenay's Valley of the Natural Hot Springs. Always something for everyone!!

There is something to be said about Nakuspians! We are Kind, and welcoming. Whether you are up early am for an early morning adventure, or out till late, you'll no-doubt get chatting to those who have lived in Nakusp for generations. Not only that, but they are keen to share their wealth of knowledge about the history of the town and the best things to see off the beaten path! That is why once you visit, you will not want to leave.....
