## 2.0 Introduction

The Village of Nakusp and Nakusp and Area Development Board are seeking Proposals for the production, supply and installation of Wayfinding Signage in Nakusp, BC. A comprehensive Wayfinding Plan (Schedule A) will be implemented in the installation of the signage for the benefit of both visitors and residents alike.

The goal for the signs is to:

- Direct people to and inform people about services and amenities throughout the village, recreational sites, businesses, and cultural and historical places
- Determine appropriate decision points throughout the community
- Effectively communicate with people using various modes of transportation, both active and motorized
- Effectively assist visitors and residents to find their way around

### 3.0 Scope of Work

3.1 Remove and dispose of the old Village signage (approximately 5 signs).

3.2 Produce, supply and install the following wayfinding signage using approved creative concepts from the Wayfinding Signage Final Report, located in **Schedule A** of this Proposal:

Item	Quantity
Vehicle Large, 2 Post (VL2)	7
Vehicle Large, 1 Post (VL1)	3
Vehicle Medium (VM)	9
Post Mounted (P)	5
Finger Board (F)	7
Trail Sign – Post Cap (T)	19
Pedestrian Map Sign (pg. 24- 30)	2
Gateway Town Center without stone masonry base (G1 and G2)	2

3.3 Additional item:

The item below is not a mandatory requirement but will form as part of the evaluation:

Item	Quantity
Stone masonry base on Gateway Town Center signs (G1 and G2)	2

We must adhere to the Official Community Plan’s recommendations by incorporating natural materials like wood and stone into the signage. The design also maintains consistency with the aesthetics of recent downtown revitalization efforts, utilizing material such as black metal and wood.

To stay true to Nakusp’s existing branding, we selected signage colors based on the blue and green brand colours, with the addition of a forest green. Please refer to Schedule A, page 11 for exact colour scheme.

Architectural touches were added, including a stone masonry base on larger ‘gateway’ signs, echoing existing stone elements, and decorative metal post caps, which both add style and protect the ends of wooden posts.

The Village is not necessarily interested in obtaining the lowest price for this proposal, interested parties with proven experience and qualifications for the services required will only be considered. The scope of work, performance, service, and other factors will be taken into consideration in the evaluation of this RFP.

This document outlines the overall scope of Services, sets out the basic requirements for the Proposal document and provides the evaluation criteria to be used as the basis for awarding the Contract.

The Village's decision shall be final.

The Village reserves the right to negotiate with a preferred Proponent, or any Proponent, on any details, including changes to specifications and price. In any case where pursuant to the provisions of the *Workers' Compensation Act*, the Workers' Compensation Board orders the Contractor in respect of his operations under this Agreement, to cease operations because of failure to install or adopt safety devices or appliances directed by the order of the said Board, or required under said Act or regulations there under or because said Board is of the opinion that conditions of immediate danger exist that would be likely to result in injury to any person, or because of lack of payment of an account due to the Board, the Village on twenty-four (24) hours written notice to the Contractor, may terminate the Contract.
