Reconciliation of Payments to Suppliers of Goods and Services:

The Village of Nakusp prepares the schedules of payments based on actual disbursements processed through its accounts payable system. This provides assurance on completeness as the reported amounts are reconciled to the financial system cheque register and electronic funds transfer records. The schedule of payments is recorded on a 'cash basis' and therefore this figure will differ significantly from the expenditures in the consolidated financial statements which are recorded on an 'accrual basis' resulting in timing differences. Furthermore, there are disbursements which are not considered expenditures, including payments made to other taxing authorities, employee payroll deductions, and debt principal repayments. Conversely, there are expenditures which do not involve an actual disbursement (in addition to accruals), such as holdbacks.
